Sustainable Procurement Policy

Introduction

At Lippo Karawaci, we view sustainability as core to our mission and value proposition. It is a critical aspect in our transformation journey as we strive to enhance business resilience and deliver greater value to all our stakeholders. We are committed to integrating Environmental, Social, and Governance (“ESG”) principles into our business strategy, policies and procedures, including by upholding the highest standards of business ethics and compliance, as well as the United Nations Global Compact (“UNGC”) principles on human rights, labour, environment, and anti-corruption.
